BRIEF INTRODUCTION

1985

As a member of China Council of Promotion of International Trade and International Commerce Chamber of China, we are specialize in manufac-turing the production of water line fittings such as taps, valves, mixers and so on. Now, we enjoy the power to import and export by ourselves and we occupy a batch of high-quality engineers and technicians. They absorb the best of similar products both at home and abroad to perfect the products level continuously to meet with different customers' requirements.

Reasonable in design, advanced in technology, reliable in selling, attractive of appearance and complete in specifications, our products sold well far to more than at least 10 countries and areas. Such as Europe, South America, Middle East, South Africa, South East Asia, America etc. As a result of good quality and reputation, they are deeply accepted by foreign customers and considered as export products no need examination.

In line with the principle of high-quality and mutual benefit, we wish to establish and develop friendly cooperation with customers all over the world and joint them, to create a glorious 21st century. Welcome to our company for business talks.

Precise operability thanks to limited swivel radius of the spout.

More range and functional plus thanks to a single- or multi-spray pull-out hand shower.

WATER SAFE. Hi-tech functional core. Preserves the water quality.

The five-layer electroplating creates extremely deep and uniform coatings, dustproof and antifouling, able to resist scratches and never fade.

Extremely Quiet. Low noise operation for quiet function than most other mixer taps.

Quick and Easy to Clean. TEIMA Clean technology means that cleaning limescale build up in your retractable spray mixer is simpler and faster.

Consumes up to 30% less water and energy* thanks to Teima water-saving functions.

More flexibility thanks to changeable or detachable spout.

Vitality of Water

TIEMA has always been driven by a boundless curiosity and a passion for water. The pure energy of a vortex never fails to impress. How can the essence of this spectacle of nature be transported to the wash basin? TIEMA brings the full force of nature to the fore with an organically sculptural stainless steel.

Our Talia line is elegantly Continental, a truly unique blending of contemporary motifs and Renaissance fluidity. Distinguished by the beautifully arched details of its spouts, handles and valve trim, Talia is characterized with a single word... graceful. The beauty of this line certainly is enhanced.
